LOCAL BRIEVES.

Matters of Minor Moment In and About the City.

MATINEE at the Grand to-day.

THE GRAND this evening—Peter Maher's Company.

Last week's collections of city taxes, as reported by Collector Shaler yesterday, aggregated \$1,090 65.

In the police court yesterday morning John Starr, a plain drunk, was let go. Tillie Blake, up on the same charge, was fined \$5 and costs, which she paid.

ALEX. GARDNER was awarded the contract to tear down the North Wheeling skating rink, at his bid of \$300. It is stipulated that the work must be done by January 27.

Last evening the Crescent club, of East Wheeling, gave a largely attended and enjoyable ball at the Beethoven hall. Moister's orchestra furnished good music for the dancers.

The street cars over the river, which were stopped on Tuesday on account of water being over the tracks below Bridgeport, will start to-day as soon as the water recedes sufficiently.

YESTERDAY evening Ad Dennis slipped and fell on Sixth street, dislocating his left hip. He was removed to his home at Market and Twentieth streets in the city patrol wagon.

A FINE large modern hotel will be built in Bridgeport the coming summer. If there is any one thing Bridgeport needs more than another, it is a building of this kind. It would pay from the start.

PETER MAHER's company had another fair-sized audience at the Grand last evening, and all present seemed to enjoy the varied programme. The performance will be repeated this afternoon and the engagement closes this evening.

RECENTLY three strangers “did up” a Wheeling faro bank for about \$400. They are said to be New Yorkers. After they left it was found that the cards had been marked. The local faro banks have had pretty tough luck for a week or so past.

The stockholders of the First National Bank, Bridgeport, met yesterday and elected the following named gentlemen as a board of directors for the ensuing year: John Woods, S. A. Jenkins, L. Spence, W. Alexander, J. J. Holloway, N. Kuhn. The board will meet next week and elect officers.

MR. POTTER received yesterday an immense steam ironing machine for use in his laundry on Eleventh street. It is intended for hotel and family work, and is of the very latest patent. Sheets, table cloths, towels and articles of that description are ironed complete once through. It is claimed that it will do the work quicker and better than the old machine.

TUESDAY evening a man, who gave his name as W. Costello, arrived at Bridgeport enroute from Glenwood, Colorado, to his friends at Gratton, W. Va., foot sore, hungry, weary and penniless. He was accompanied by his three children, one ten years old, one five and another but two years old. They were kept in the city building over night, and yesterday Officer Thompson raised money sufficient to buy tickets to their destination.

Charged with Fraud.

L. Spence & Son have sworn out a warrant for the arrest of E. S. Stedee, of Birmingham, Guernsey county, charging him with obtaining goods under false pretenses. Stedee beat the firm in the common pleas and circuit courts in Guernsey county. He purchased a threshing machine, etc., from Spence & Son, who claim he misrepresented his financial standing. He was arrested and released, his wife going on his note, and she refused to pay it, claiming it was given under duress.

Gospel Temperance.

A gospel temperance meeting will be held at the Heavne Tabernacle at 3:15 p. m., next Sabbath. Miss Engle will sing a solo. These meetings are growing in numbers and interest. All are welcome and should come early, as they will surely hear something, and possibly may see something of value.

Charged With Stealing Harness.

Yesterday Officer O'Brien arrested Bert Mercer, who is charged with stealing harness valued at \$50 at Washington, Pa., last spring. He was sent to jail by Squire Gillespy to await the action of the Pennsylvania authorities.

Letter from Bernhard Stavenhagen to Wm. Kuhn & Co.

Translated from the German.

New York, Jan. 5, 1895.

DEAR SIR:—It affords me special pleasure to express to you my great satisfaction with your instruments. The same fully justify the distinguished renown which they enjoy, and I can only concur in the verdict of Messrs. Von Bulow and D'Alberti, in emphasizing that the Knabe Pianos, before all in regard to mellow and singing (gesangvollen) tone combined with power, respond to the highest demands. These qualities united with a perfect mechanism place, “The Knabe Piano,” at the head of the best American Instruments, and I again beg to express my satisfaction that I have the use of the same for my entire American tour.

With highest esteem,

Yours truly,
BERNHARD STAVENHAGEN.

Cloaks. Half price.

ABOUT THIRTY FEET

The Stage Expected Here on the Second Rise in the River.

THE COLD AND CLEAR WEATHER

Had the Effect of Nipping the Coming Rise in the Bud—The River Commenced to Rise Slowly Last Evening, After Being Stationary for Several Hours—A Number of Boats Resume Navigation.

PITTSBURGH, Jan. 11.—There is no danger of a flood here, as the cold wave will check the rise occasioned by the recent rainfall. Heavy shipments of coal continue and a number of accidents have been reported, entailing a loss of several thousand bushels of coal. On the present rise 3,152,000 bushels of coal has been shipped south from here. There is yet about 7,000,000 bushels here awaiting shipment.

The rise in the Ohio river on top of the late one, predicted by Weather Observer Stewart, of Pittsburgh, was felt in Wheeling about 7 o'clock last evening. The river had remained stationary throughout the afternoon, 25 feet 7 inches being the stage for several hours. From 7 to 11 p. m. the rise was almost imperceptible, amounting to but two inches, and the clearing of the weather together with the cold weather will have the effect of making the second rise one that need not be feared by residents in the lower portions of Wheeling and the neighboring towns. Last evening Captain Cockard, of the wharfbait, said that in his opinion the second rise would hardly cover the thirty-foot mark, which would hurt nobody around here.

The reports from headwater points last night showed the Allegheny was rising, but the Monongahela, on the other hand, was receding at all reported points.

Warren—River 3 feet 11 inches and rising. Weather, cloudy and cold.

Greensboro—River 15 feet 9 inches and falling. Weather, cloudy and cold.

Morantown—River 15 feet 6 inches and falling rapidly. Weather, clear and warm.

Oil City—River 4 feet and rising. Weather, clear and cold.

Big Timber Loss.

A Parkersburg dispatch says: The situation here to-day is more alarming than at any time during the flood. The Ohio was 37 feet above low water mark at noon and rising rapidly. All mills and factories on the south side are submerged. Lockport, Newport and Riverside, suburbs, are flooded, and many families have been driven to higher grounds. Lumbermen estimate their losses at \$250,000 already.

NOTES ON NAVIGATION.

Stage of Water and Movements of Boats.

The River Interests.

YESTERDAY'S DEPARTURES

Iron Queen, Phillips, Cincinnati, 9 a. m.

Keystone State, Calhoun, Pittsburgh, 9 a. m.

SUNDAY'S BOATS.

Ben Hur, Kemple, Pittsburgh, 7 a. m.

Lizzie Rev. Huntington, Pittsburgh, 6 a. m.

H. K. Bedford, Green, Pittsburgh, 6 a. m.

The boats will soon be back in their old trades. The Liberty will be here to leave for Clarington on Monday afternoon. Her commander, Captain Booth, was here yesterday and said he would not resume before on account of the difficulty in making way landings. The Courier will be here to leave on Tuesday morning for Parkersburg, and the Lizzie Bay, H. K. Bedford and Ben Hur will pass up for Pittsburgh to-morrow morning.

Captain Hod Knowles has been appointed commander of the Cincinnati packet, Scotia, and probably the boat will leave Pittsburgh for Cincinnati this evening, her old regular day.

It is claimed for the Coal City and the John A. Wood that they have made the banner low-water trip in the history of coal towing to New Orleans, and that there never was a coal tow went south on such a low stage. When the boats left Cairo there was ten feet on the gauge and falling, and when they reached Memphis there was three feet and falling. Below Memphis some of the gauges showed zero. The boys thought last season was a close one, but this trip they claim “takes the cake.” The Coal City has twenty-one pieces, and Capt. Ed. Farrell and John Godfrey are in charge of her wheel; the Wood has nineteen pieces, with A. Faulkner and John Douglass pilots.

Advices from Charleston state that 1,885,000 bushels of coal have come out of the Kanawha on the present rise.
